Our Saturdies attention about half-past four evolucies, as the mother and som were partialling of their evening rapid, a working to the exception of the ONE OF DYNATT'S FANCIPS. We find by the papers that one of the fancies of the lair James Gordon Bennett was 10 have in his house an awary of tare bird, and fowls. These were procured from all parts of the globe, regardless of expense, Sometimes he would stand for hours observing the habits of the feathered captives. From long observation be appears to have found resemblances in tach to various public men. Standing once with a friend he pointed out the characterizations. "Forming to the rolan, he said find is Henry Wilson; the eld gosse is Smaner; the sparrow is Logan; the oad is Grant; the pairow is Logan; the oad is Grant; the pairow is Logan; the coal is Grant; the pairow is Logan; the coal is Grant; the pairow is Logan; the coal is Grant; the pairow is Conking; the crow is Fig. Bouglass; the hawk is Weed if Philips; and the catany is Smist Coy." Some of these comparisons are religiouss, Goldber Coulding restandy is, with all his vanity and sons are relicitous. Gobbler Coulding extractives, with all his varity and structure its puttings and lovely airs. Some of them are poor for so shrowd a reader of character as Mr. Bennett. Why the woodpecker resembles Butler, it treated as a commutation, is one that we give up at once. It is a pity there was no bazzard in the collection, that this disguese would not have fallen upon the poor woodpecker. The "old goose" for Sammer may pass, but the jawk for Wendell Pattins is doing that there bid indisting the stormy petrel, would, pethaps, have been better.
